

Do you know what ASL stands for?

ASL stands for American Sign Language. It is a complete, natural language that has the same linguistic properties as spoken languages. ASL is expressed by movements of the hands and face. It is the primary language of many North Americans who are deaf and hard of hearing, and is also used by many hearing people, as well.

This assignment is due by Thursday April 30th, 2020 by 5:00pm and is worth 100 points!

Record yourself signing “Hello! My name is (use the alphabet to sign your name.) Goodbye!”

Here is the exciting part for this week, we are going to have a chance for some extra credit and some smiles!

Tuesday afternoon, I will text all of you my example video for the assignment that is due on Thursday the 30th.

IF you want an extra credit assignment for this week, you will reply to my text with a meme about how you feel about eLearn, or life (because it's been a little crazy lately) I'll then send you what the extra credit assignment will be! Deal? (Along with the extra credit assignment, I will return a meme that hopefully makes you smile!)
