**WEEK OF MAY 4TH**

## **Greetings Blue Crew,**

The Governor will be lifting some of the restrictions for many of the nonessential businesses such as beauty salons, nail and barber shops. So, as a cosmetology student, what are some guidelines that you would like to see put in place for our profession to continue to thrive in this economy?

Please write a paragraph or two explaining your position on this Corona-Virus situation. This assignment is due by Friday evening at 5:00pm.

Progress reports have been turned into West Side. Grades can change if work is not turned in or can go higher if work is turned in. You decide.

Please stay safe and healthy. Text or email me if you have any questions or concerns.

**Thank you,**  
**Mrs. L. Smith**
