

Health Science Assignments Week of May the 4th Be With You

THE INTERVIEW and THE IMPORTANCE OF VERBAL AND NON-VERBAL COMMUNICATION

This week's assignment is about preparing for an interview for your dream job. There are MULTIPLE websites available to help you prepare for an interview with the most asked questions, tips for non-verbal communication skills, etc. As we near the end of school, I want us to prepare for our next steps in life.

<https://www.indeed.com/career-advice/interviewing/top-interview-questions-and-answers>

This is just one example of a helpful website!

For this assignment: Record yourself answering these three interview questions. When you submit your recording to me be sure to tell me what position you are interviewing for... RN at a hospital, Lead Photographer for National Geographic, CEO of Instagram... your dream job does not have to be medical related for this assignment.

*Tips: Looking into the camera will mimic the eye contact you would make with the interviewer... you can have someone record you (look at them, have them ask you these questions) or if you set the camera up by yourself, pretend the camera is a person. Be professional, look the part. Watch your non-verbal cues.

Assignment is due Friday May 8, 2020 by 3:00pm. Assignment is worth 75 points! Yes, there is an extra day to complete. I know all of you have varied work schedules and the stress of elearn and life is building up! I really am looking for some good interviews! Watch your video before you send it to me and consider if you would hire yourself for that position!!

(Video intro: tell me what position you are interviewing for)

1. How would you describe yourself?
2. What motivates you?
3. What is the biggest lesson you have learned from a mistake that you have made?

ANY QUESTIONS?? TEXT OR EMAIL ME!!!

Stay healthy, stay happy!
