Transitioning to digital learning is a huge shift for all of us – teachers, students, and parents. Please help us make establish a great learning platform for all by adhering to the below.

- Help your student establish a daily routine. We recommend maintaining as much of a regular schedule as possible. Include time for school, meals, physical activity, and down time.
- Identify an appropriate working space for your student. Some students may be able to work in their bedrooms at a desk, but most will need a clear separation between work and personal time.
- Ensure that your student has the technical tools they need.
- Encourage them to use office ours and reach out to teacher with questions.
- Check their google classroom regularly and have your child to explain their assignments to you.
- Contact the school if your student is sick and unable to attend school.
- Take care of yourself! Give yourself, and others, some grace through this period
